

How you can support your child at home:

Encourage them to read – anything and everything!

Look at Google Classroom regularly; the expectation is that all students complete home-learning

Make sure your child has the right equipment with them everyday (pen, pencil, ruler etc.)

Art:

Pattern; students will explore the work of Japanese Artist Yayoi Kusama and her use of pattern, creating a 3D flower inspired by her sculptures.

Computer Science:

Students will learn about programming essentials in Scratch. They will know what is in a computer: CPU, memory and storage

Drama:

Students will study rituals and celebrations and their special place in our lives

English:

Students will focus on their writing and oracy skills this term in a module called Ancient Tales.

French:

Freetime: Students will study sports, hobbies, days of the week and learn to talk about what they do/did/ at the weekend. Recapping on weather.
Students will be consolidating topics from the year

Geography:

How is our coastline changing? Students will be introduced to key coastal processes and the topic will have an Isle of Wight focus

History:

How effectively did Stuart monarchs deal with their problems? Students will look at the importance of religion during this period and how it changed within England

Maths:

Reasoning with number: Students will develop number sense and learn about sets and probability and prime numbers and proof

Music:

Students will learn how to perform as a soloist or member of an ensemble and how to read different types of notation e.g. guitar, uke, drum tablature

Personal Development:

The topic they are studying is 'Changing Me'. Please see detailed information on the website (Parent Planners – PSHE section).

PE:

Students will participate in: cricket, rounders, outdoor adventurous activity, volleyball and tennis

RE:

Christianity, Buddhism and non-religions. Students will continue to study the origins and values of the universe and human life

Science:

Students will learn about: variation and human reproduction; Earth structure and universe; and sound and hearing

Technology:

Students will rotate through one of 3 specialist areas: Woodwork where students will create a lap jointed box, Food where students will learn about healthy eating and basic preparation skills and in Graphics they will learn about packaging, infographics, design and make a stationery pack
